## Mission statement

The Munich Student Union supports students in all social and economic issues and provides the perfect framework for a successful completion of studies without worries.

- We support all students. We reach out especially to students who have difficulties studying due to financial, social or health reasons.
- We work closely with students and universities in order to constantly improve our offers and participate in the development of the university scenery.
- We see ourselves as student's partners, constantly develop our range of offers and engage in active quality management.
- We maintain a cooperative style of leadership, as our most important resources are our employees.
- We are a family-friendly student union. We help our employees combine work and family, and help studying parents organize their studies.
- Conscious of our responsibilities for this generation and those to come, we make a great effort to act in an environmentally sustainable way.
